

BENEFITS OF USING A PEO

One of a Professional Employer Organization's (PEO) primary objectives is to eliminate the HASSLE of employee administration and free up the doctor and/or office manager to focus on patient care and management of the practice.

Allen Markowicz, MD
of Northwest Ohio Medicine Inc.

“Partnering with NOVIDEA has resulted in a better benefits package for the physicians and our staff, lower employee-related expenses, an increased level of human resource services and better total monetary retention for me and my partners.”

Hedy Whitman,
Practice Administrator for
Northwest Ohio Medicine Inc.

“With NOVIDEA, I don't have to be concerned with payroll and benefits related issues. As a result, I have more time to spend on growing the practice instead of worrying about employee administration.”

AS A PEO, NOVIDEA HEALTHCARE PROVIDES THE FOLLOWING EMPLOYEE ADMINISTRATION OR PAPER-PUSHING SERVICES:

- > All Payroll Processing duties
- > Benefits Administration, for both the health insurance and retirement plan
- > Full Service off-site Human Resource Department

NOVIDEA Healthcare can demonstrate the qualitative benefits of partnering with a PEO, along with a cost-savings analysis. For more information, please contact Brian Schramko at NOVIDEA Healthcare at: 877-503-1455.
