

THE IMPACT OF MULTIPLE MEDICAL VISITS ON PATIENT, CAREGIVER, AND PRACTICE

This CE activity is supported by an unrestricted educational grant from Amgen, Inc.

Presented by: Kelley Moore, RN
Expiration date: October 1, 2004

Target Audience

This program was developed for Registered Nurses.

Accreditation

This CE activity is approved for **1.25 contact hours**. Medical Education Resources is an approved provider of continuing education by the Colorado Nurses' Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Registration

To participate in the CME on Demand

program, follow the steps below:

1. Call INCE at **800-222-4623** to order workbooks for this program. The workbook includes a learning assessment that you need to complete in order to receive credit. You should call at least 1 week before the date on which you plan to participate in the program.
2. To gain access to the program, you will be prompted to input an access code via the telephone keypad. You will receive your access code, as well as the dial-in number for the CME on Demand with your workbook for the program.
3. Once you've participated in the program, **please mail or fax** the completed evaluation and learning assessment from

your workbook to: Interactive Network for Continuing Education at Education Campus, 7 Pleasant Hill Road, Cranbury, NJ 08512-3602. 800.222.4623, fax: **609.409.5965**.

OPTIMIZING TREATMENT OF CANCER-RELATED ANEMIA AND BEYOND

This CE activity is supported by an unrestricted educational grant from Amgen, Inc.

Presented by: Robert E. Smith, Jr., MD
Release Date: February 19, 2004
Expiration Date: February 19, 2005

Target Audience

This program was developed for oncologists, and is certified for physicians, nurses and pharmacists

Learning Objectives

At the conclusion of this activity, participants should be able to:

- > Summarize the impact of anemia on patient quality of life and how identification of anemia is critical for improved outcomes.
- > Explain the mode of action of treatment as it relates to the anemia of cancer
- > Discuss the rationale and regimens, employing erythropoietin growth factors in cancer-related anemia.

Accreditation

This activity is approved for **1.25 contact hours**. Medical Education Resources is an approved provider of continuing education by the Colorado Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. Provider approved by the California Board of Registered Nursing, Provider of #CEP 12299.

The Duke University School of Medicine designates this educational activity for a maximum of **1 Category 1 credit** towards the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

Registration Information
