

## With **Members** in Mind

### **Dear OA Member:**

It has been an honor and privilege to serve you in 2005. Thank you for your time, support and above all, honest communication. Your dedication to learning and constant improvement amazes me. The bond you have with your patients inspires me. Spending time with you throughout the year has been a gift.

Though we face many unknowns in 2006, I am positive that good things will come from our work together.

Wishing you a Happy New Year and good health from all of us here at Oncology Associates.

Sincerely,

**Brent A. Evans**
