## Continuing Education Opportunities

The following online continuing education activities are presented by Berlex, Inc., Amgen, Inc., and Novartis Oncology.

### **ADVANCING TARGETED THERAPIES: Improving Antibody-Dependent Cellular Cytotoxicity**

*Contact Hours:* 1.97 Contact Hours

*CE ID:* 3134

*Registration:* [www.oesweb.com](http://www.oesweb.com)

*Expires:* 8/3/07

**Description:** This program will discuss the potential role and impact colony-stimulating factors (CSF) may have in monoclonal antibody therapy. The discussion will focus on utilizing CSFs to optimize the effector cells' ability to kill malignant cells through antibody-dependent cellular cytotoxicity.

Sponsored by an educational grant from Berlex, Inc.

### **BEING ALIVE: The Meaning of Cancer Survivorship – CD-ROM**

*Contact Hours:* 1.8 Contact Hours

*CE ID:* 2916

*Registration:* [www.oesweb.com](http://www.oesweb.com)

*Expires:* 1/16/07

*Appropriate for all oncology nurses.*

**Program Description:** This program will combine the art and science of oncology care through the presentation of research findings from quality of life studies in women diagnosed with cancer and through musical performances that depict these themes. This musical scientific symposium will create an environment for oncology nurses to stop and reflect upon the differences they make in the lives of women diagnosed with cancer.

Sponsored by an educational grant from Amgen, Inc.

### **OncSCOPE SYMPTOM MANAGEMENT ROUNDS: Evidence-Based Supportive Care – CD-ROM**

*Contact Hours:* 1.6 Contact Hours

*CE ID:* 3038

*Registration:* [www.oesweb.com](http://www.oesweb.com)

*Expires:* 05/01/07

**Program Description:** This unique and innovative simulation program allows participants to treat "virtual" patients through computer-based exercises. Nurses will use practice guidelines and evidence based practice to manage symptoms for "Phyllis," "Alfred," and "Yvonne." Each choice in the patient's care leads to a series of other choices that require the participant to review the patient's disease, symptoms, treatments, side effects, and responses. Put evidence into practice in this delightful, humorous, and challenging nursing program!

Sponsored by an educational grant from Amgen, Inc.

### **UPDATE ON EXTENDED ADJUVANT THERAPY OPTIONS IN BREAST CANCER**

*Contact Hours:* 1.7 Contact Hours

*CE ID:* 2729

*Registration:* [www.oesweb.com](http://www.oesweb.com)

*Expires:* 6/30/06

**Program Description:** This program looks at extended adjuvant therapy options in breast cancer. It focuses on adjuvant therapies used in post-menopausal women with advanced breast cancer and with disease progression following traditional anti-estrogen therapy.

Sponsored by an unrestricted educational grant from Novartis Oncology.
