Current CEU's, CME's and continuing education opportunities

## Continuing Education Opportunities

The following continuing education activities are brought to you by Baxter Healthcare and ASCO.

### CURRENT TRENDS IN MEDICAL MANAGEMENT OF ITP: New Perspectives—Evolving Care

*Scientia Healthcare Education,\* along with Drs James Bussel and Michael Tarantino, announces the availability of an educational lecture presented by nationally recognized, expert faculty.*

#### Target Audience

This CME grand rounds program is designed for hematologists and oncologists who have an interest in the diagnosis and treatment of ITP.

#### Overall Learning Objectives

At the conclusion of this activity, participants should be able to

- > Discuss data supporting the best practices for first-line ITP therapy
- > Relate the mechanism of action and toxicity of therapeutic agents used to treat ITP to the key steps in ITP pathogenesis
- > Explore the potential management strategies that could be employed to manage patients with chronic and refractory ITP

#### Register now to secure your preferred speaker!

Please visit OA's website at [www.oagpo.com](http://www.oagpo.com) to download a registration form and return it via fax to Scientia at **919.544.2416**.

#### Accreditation and Credit Designation

Scientia Healthcare Education\* is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians. **Scientia Healthcare Education\* designates this educational activity for a maximum of 1 category 1 credit toward the AMA Physician's Recognition Award.** Each physician should claim only those credits that he/she actually spent in the activity. To receive CME credit and a certificate, participants should turn in a completed evaluation form at the conclusion of the activity.

Supported by an educational grant by Baxter Healthcare.
