

ALOXI AGREEMENT UPDATE

Oncology Associates' agreement with MGI PHARMA, INC. for Aloxi will run from October 1, 2007 through September 30, 2008.

Discounts

- > 3 tier discount program based on market share – measured quarterly
- > New pricing tiers become effective approximately 45 days after the end of the measurement period

ALOXI Share	Discount
< 50%	\$0.00 per vial
50-69%	\$5.00 per vial
> 70%	\$8.00 per vial (total)

Loyalty Discount

OA Members eligible for the "Loyalty Discount" (practices that achieved an annual ALOXI market share of 70% or greater for Q4 2006-Q3 2007) receive a 2% discount off the base clinic contract price from November 1, 2007 to October 31, 2009.

Please contact Oncology Associates at **888-732-7352** with questions about the above information.

ELOXATIN (OXALIPLATIN INJECTION) NOW AVAILABLE IN 200 MG VIAL

More Solution in a Single Vial

MORE CONVENIENCE

- Use only a single vial for the majority of patients
- > 200-mg vial is appropriate for the majority of patients ($BSA \geq 1.76m^2$)¹
- Store more ELOXATIN in the same space
- 200-mg vial carton uses the same storage space as the 50-mg and 100-mg vials

MORE EFFICIENCY

- Handle a wide range of dosages in less time

MORE SAFETY

- Use fewer vials to help reduce
- Chance for breakage and mishandling
- > Biohazardous waste disposal
