Continuing Education Opportunities

The following continuing education activities are supported and provided by various organizations.

Online Medical Education from Clinical Care Options*

TREATMENT UPDATE: 6TH INTERNATIONAL SYMPOSIUM ON TRANSLATIONAL RESEARCH IN ONCOLOGY

The Annual International Symposium on Translational Research in Oncology has a firmly established reputation as a premier meeting at which the world's leading researchers gather to present and discuss new directions in oncology research. The focus of the program, now in its sixth year, is on translating the most recent laboratory developments into improved clinical outcomes for cancer patients. CCO is pleased to present this series of CME-certified slidesets summarizing proceedings of the 6th annual meeting—now available for download. CCO encourages OA Members to download and review these slides, share them with colleagues, and use them in their own presentations. www.clinicaloptions.com/801

TREATMENT OPTIONS IN COLON AND RECTAL CANCERS: THE ROLE OF ORAL THERAPY

Review an educational module and 3 Interactive Case Challenges. www.clinicaloptions.com/802

ADJUVANT HER2-POSITIVE CANCER: INTEGRATING PROGNOSTIC TOOLS AND CLINICAL ADVANCES TO OPTIMIZE TREATMENT

This program includes two educational modules and two Interactive Case Challenges as well as a downloadable slideset. www.clinicaloptions.com/803
