Cooking up a storm in New Orleans

About Oncology Associates

Oncology Associates, a division of RC Medical, Inc. is a group purchasing organization designed to offer practice management services and exclusive product agreements with discount pricing benefits to private practice physicians throughout the United States.

The company's team of experienced clinical and sales personnel has contracted with major pharmaceutical and medical supply manufacturers to offer a diverse portfolio of products at favorable prices to members of Oncology Associates, Group Purchasing Organization.

ABOUT THE COVER

Did you know that Sunflower heads consist of 1,000 to 2,000 individual flowers joined together by a receptacle base? The large petals around the edge of a sunflower head are individual ray flowers which do not develop into seed. Sunflowers are one of the fastest growing plants. They can grow 8 to 12 feet tall in rich soil within six months. Oncology Associates hopes everyone is having a wonderful summer and please don't forget to stop and smell the sunflowers!
